Brigadier General Cecil E. Combs
Deputy Director, Personnel Procurement
and Training, DCS/P
Department of the Air Force
Washington 25, D. C.

Dear General Combs:

The Director of Central Intelligence has asked me to furnish you with a statement of Agency requirements for participation in the SAGE Familiarization Training Program, in response to your invitation of 1 March 1957.

Requirements for Phase I were given by telephone to Major Chris Schaefer, Jr. of your office, prior to the 15 March deadline. Major Schaefer requested that the requirements for Phase I be consolidated with the requirements for Phase II and forwarded to you prior to the 29 March cut-off date.

For classes to be conducted during the period April - June 1957 (Phase I), it is requested that four civilian spaces be made available. If convenient, we would prefer two each in the last classes of the fiscal year. For Phase II, our requirements number fifteen, of which six may be considered as second priority.

We appreciate the opportunity to participate in this program.

Sincerely,

SIGNED

MATTHEW BAIRD
Director of Training
